You'll love the new accurate stitch regulator (ASR) feature that gives you perfect stitch length!

Stitches

Coverstitch machines create professional looking hems and retain fabric stretchability. That means your stitches won't pucker when sewing stretchy fabrics — like they can on regular sewing machines — and you'll maintain the stretch in your fabric.

4 Thread stitch using overlocker

Overlockers trim, stitch and neaten in one step, giving garments a professional finished seam. Use stretch or woven fabrics.
